Re: Replacement Surety, Great Salt Lake Minerals, Little Mountain Plant,
M/057/002, Weber County, Utah

Dear Mr. Reynolds:

As you are aware, Great Salt Lake Minerals has recently replaced the surety for the Little Mountain Plant. The former surety (Letter of Credit) was issued by Chase Manhattan Bank, N.A., # [redacted] and is now replaced by a surety from Commerce Bank of Kansas City (Letter of Credit # [redacted]). The amount and form of surety did not change, therefore, the Reclamation Contract will not have to be changed. We will make note on the Reclamation Contract (FORM MR-RC) of the surety company change.

We are returning two earlier original Reclamation Contracts to you. One is an older contract that became effective October 4, 1991 and the other has an effective date of January 27, 1993. These contracts have been replaced by the current Reclamation Contract, dated September 22, 1993.

Please contact us if you need copies of any of the current surety documents. We look forward to working with you in the future.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
